The option of choosing, between either of these tests, must be exercised before issuing of prospectus and after intimation to the concerned authority and the Committee set up hereinafter. If any professional college chooses not to admit from the common entrance test conducted by the association then that college must necessarily admit from the common entrance test conducted by the State. After holding the common entrance test and declaration of results the merit list will immediately be placed on the notice-board of all colleges which have chosen to admit as per this test.
