

NOTICE

Attention of all the Institutes is invited to the following:

While examining fees proposal - excess and unapproved staff is identified and the salary expenditure made towards such excess and unapproved staff is disallowed as per norms in force. It is noticed that, some Institutes aggrieved by such disapproved of expenditure approach this Authority by filing review applications. Generally, grounds for review are, approval of staff after submission of proposal, proposal submitted for approval but pending at the level of competent authorities, conferment of Accreditation by National Board etc.

It is, therefore, desired that the Institutes falling in the above category should forward relevant information immediately to this Authority; so that same is considered while examining their fees proposals and would ensure approval of reasonable fee structure leaving no room for the Institute to make grievance.
